## MONTHLY STATISTICAL SUMMARY OF WESTERN AUSTRALIA

DECEMBER 1967

## NOTES

1. Many of the statistics appearing in this Summary are preliminary and may be amended in subsequent issues. Reference should therefore always be made to the latest available issue.
2. Several tables contain figures which have been rounded (to thousands or, in some cases, millions), without making those adjustments which would be needed to make the rounded figures add to the rounded total. It is for this reason that figures do not always add to the totals shown in the tables.
3. Aboriginal Population - In accordance with the requirements of the Commonwealth of Australia Constitution Act (as provided by section 127, now repealed in terms of the Constitution Alteration (Aboriginals) Act of 1967), full-blood Aborigines are excluded from the figures shown in the tables on page 6. For Census purposes, a full-blood Aboriginal is defined as a person who describes himself as having more than one-half aboriginal blood.
4. Additional information may be obtained, if required, for many of the series published in this Summary by contacting the appropriate section of this Office (Telephone 21-8041).

(a) See Special Note below. (b) Rates for Perth. (c) Rates operative from beginning of first pay-period commencing in the month shown or commencing on or after the date shown.

**SPECIAL NOTE** - The latest wage rates shown in the "State" section of the above table are those which applied before a decision of The Western Australian Industrial Commission dated 27 June 1967. The terms of this decision were that the minimum weekly wage payable to adult male workers under certain awards be increased from \$36.55 to \$37.55; "that the wage rates for adult workers not in receipt of the 'minimum wage' be increased by 60 cents per week; and that other wage rates be adjusted as if the basic wage for males and the basic wage for females had been increased by that amount". These increases were declared to operate from the beginning of the first pay-period commencing on or after 1 July 1967. The latest wage rates shown in the "Commonwealth" section of the table applied before a decision of the Commonwealth Conciliation and Arbitration Commission in June 1967 to eliminate basic wages and margins from its awards and to introduce total wages to operate from the beginning of the first pay-period commencing on or after 1 July 1967. Total wages for adult males and adult females were to be increased by \$1 a week from the same date.

(a) Most cargoes are recorded in terms of the ton weight of 2,240 lb but some cargo, consisting mainly of bulky commodities, is recorded on the basis of the ton measurement, a unit equivalent to 40 cubic feet of space. Statistics are compiled accordingly in terms of "tons weight" or "tons measurement". In order to provide a ready comparison, as in this table, of the volume of cargo discharged or shipped the amounts recorded in the two categories have been aggregated.
